

Fee Guide

Treatment fees are worked out on an individual basis dependent on what is best for you. You will be given a written treatment plan and you will be given the opportunity to discuss this with your dentist. You may choose white fillings over silver ones or the highest quality laboratories for your crown and bridges. Far Headingley Dental Care believes in offering choice. The fees below are a guide only. Please also check the Special Offers page on our website for current promotions and ask for more details about our Budget Care Plan (BCP)
