FHDC Sponsors 'Excellence' Award

We are pleased to announce that FHDC in collaboration with the Leeds Dental Institute has created a new award to recognise excellence in Dental Nursing. From this year the best full time and part time student will receive the Precious Award For Dental Nursing Excellence, a cash prize and will have their name engraved onto a plaque which will be permanently displayed at the LDl.

Adrian Precious said, "This award has been introduced to help support and promote dental nursing in our area. I hope that the award will help encourage people to consider nursing as a career"

FHDC is also proud to announce that it has been asked by the Leeds Dental Institute to help provide work placement for all of its full time students in their second year. The practice was asked because of its commitment to developing dental nurses and because of its innovative approach to providing quality dental care in Leeds.

Interactive Examinations

Our new surgeries not only offer a more pleasant environment, they are also packed full of some very exciting dental equipment. You can now experience a "dentist eye view" with our new digital intra-oral cameras.

Budget Care Plan

You can budget for the cost of your basic dental care with FHDC's own Direct Debit scheme?

You can also claim much of the cost back (along with other health related costs) from the Leeds Hospital Fund if you join its scheme.

Emergency Dental Care

Please be aware that we have a limited number of emergency appointments available each day. These are on a first come first served basis and can be booked from 8.30am each day.

As from 1 April 2006 a call out charge of £100 has been introduced for weekend emergency dental care.

Quality Questionnaire

Your feedback is appreciated at FHDC as we aim to provide the highest quality dental experience. This is why we offer every patient the opportunity to complete a quality feedback form.

All comments are welcome and the results are discussed at our regular team meetings.

Oral Hygiene Instruction

Do you struggle to get your children to brush their teeth properly? Do they tell you that they have brushed but they have only been in the bathroom for 30 Seconds? Or maybe they will not brush at all?

FHDC is now offering child Oral Hygiene Instruction with our Hygienist, Lisa Ramage.

In an OHI session Lisa will highlight plaque with special disclosing tablets to show where plaque remains after brushing.

The importance of brushing will be explained and brushing technique is reviewed and improved. Lisa will also explain how diet can affect your teeth.

If you feel that an Oral Hygiene Instruction appointment would benefit your child, please contact the practice and we'll arrange one for you.
