Dental Sedation Service Now Available at FHDC

If you are someone who feels anxious about visits to the dentist, you should perhaps consider sedation

Many people find that sedation is a pleasant and acceptable way of receiving dental treatment. Sedation is particularly suitable for complex cosmetic dentistry where it helps people feel peaceful and relaxed during longer periods in the dental chair

Currently Dr Kam Chana is providing sedation at Far Headingley Dental Care. If Dr Chana is not your usual dentist, please ask at reception to arrange a consultation appointment or speak to your dentist at your next visit

New Reception

Recent visitors to our practice will notice that our reception and waiting room is being refurbished. Most of the work is being carried out at weekends to reduce any inconvenience

The new look reception will be a blend of modern and period features to compliment the rest of the practice. The enlarged reception area will enable us to have two receptionists to help look after our visitors and deal more efficiently with telephone and e-mail enquiries

Whiter & Brighter Teeth

People tell us that they smile more when they have lovely white teeth. Your dentist can help you achieve this with the Britesmile light activated whitening system. We are now offering £50 off with vouchers that can be downloaded from our website at www.fhdc.co.uk

0% Finance Available at FHDC

For more extensive treatment it is now possible to spread the cost with 0%* finance at Far Headingley Dental Care

If you are thinking of cosmetic dentistry but have been concerned about cost, FHDC's finance options help make payments more manageable. Let us help you gain that perfect smile before an important job interview, your wedding day or just because you want it!

Emergency Dental Care

Please be aware that we have a limited number of emergency appointments available on any day. These are on a first come first served basis and can be booked from 8.30am

From 1 April 2006 a call out charge of £100 has been introduced for weekend emergency dental care

Hygienist Services at FHDC

One benefit of visiting the dental hygienist at Far Headingley Dental Care is to remove the plaque and calculus that is difficult to remove by brushing and flossing alone. This preventative approach to dental care can help you maintain your oral health and reduce the need for expensive dental treatment

Increased Availability at FHDC

Far Headingley Dental Care now has two fully equipped dental surgeries that are available five days a week. This means there is much greater flexibility and better availability of appointments

Quality Questionnaire

Your feedback is appreciated at FHDC as we aim to provide the highest quality dental experience. This is why we offer every patient the opportunity to complete our quality feedback form

Thank you to everyone who has completed a form to date. The results are discussed at FHDC's regular practice meetings
